

CEREAL

-Pegi-

To a real cute, and my best friend. You
a great girl, and I'm very happy we
met each other, and you finally came to
Ceres. It has been a lot of fun running
around with you, and I hope our friendship
continues the rest of our lives, and when
you and Tex get married, don't move away
to another town. I'll never forget how we
always told each other our troubles, and
our happy times we've had together, and even
with Tex and Gerald. You a great
girl, and you picked a great fiance!
I hope you and Tex have all your
dreams come true, and the happiest
life together, because you both
deserve it. We only have one more
year to go, but I hope we'll always
continue to be friends, and we have
one year to write notes to each other
in class. ^{HA} ^{HA} Be good, I know you will
because you always with me. ^{HA} ^{HA} You
great, and I love ya, you know what a
man. Hope we're best of friends
always! Love ya,

We Dedicate Our Yearbook To

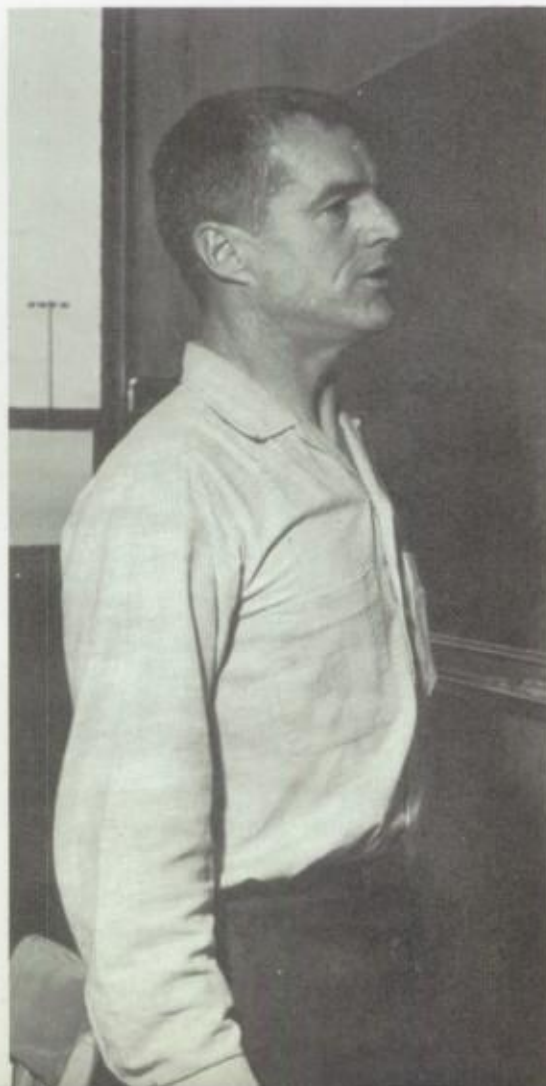

Mr. Laskey, you have been a true friend to us. You have overlooked our forgetfulness, our carelessness, and our inconsideration. You have made us look within ourselves and laugh; you have pushed us farther along the road to maturity. Your calm resolution and your perspective of life have taken away our anger and substituted understanding. How can we say thank you to a man who has done all this? We could have offered you a gift, presented you with money, but that was too meaningless for you. Instead, we chose to work many long hours to produce this yearbook for you. The 1966 CEREAL is only the tangible embodying the intangible---our admiration. Therefore, we dedicate our yearbook, which is so all-important in our Senior year, to you, Mr. Laskey.

Mr. Charles Laskey

Now pay attention.

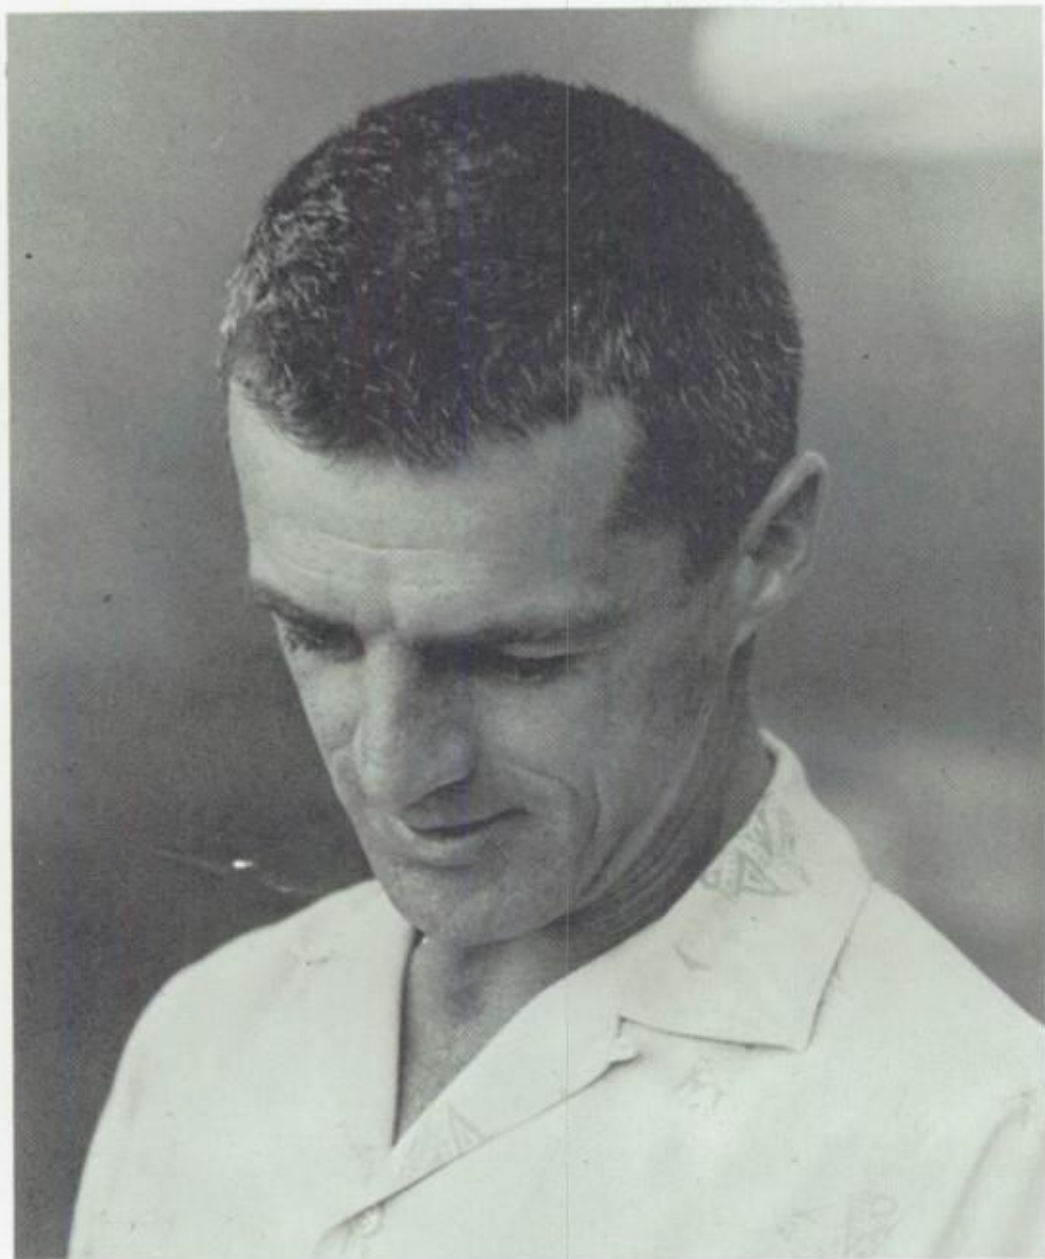

Wasn't that easy?

Hold the applause.

Principal's Message

As you tuck your diploma under your arm and walk off of the commencement platform, you will walk into a world which demands your best. The "get by" philosophy destines those who live by it to a life of mediocrity and failure.

It is incumbent on each of us to cultivate high ambitions and aspirations, perhaps beyond our capacity to fully attain. How else can we hope to realize the greatest talents that lie within each of us.

And so, I would say of your future--dream, hitch your goal to a star, never stop short of your best, and you will realize the rich, full life.
